🏛️ Peking University    🎓 Department of Information Management; Yuanpei School General AI Dual Degree  
✉️ sunzhengqi2024@stu.pku.edu.cn  
🔍 Research interests include efficient data synthesis, LLM/world-model reasoning, and financial risk prediction.

## Education

2023 – Present    📖 **Undergraduate Student, Peking University.** *Department of Information Management*  
Dual Degree in General Artificial Intelligence, Yuanpei School. GPA: 3.5.

## Internship

2026.06 – Present    📖 **ModelBest (面壁智能).** *LLM Post-Training Algorithm Intern*  
Research and engineering on post-training algorithms for large language models.

## Research Experience & Publications

- 2025.04 – 2026.02    📖 **Peking University, School of Computer Science, Center on Frontiers of Computing Studies.**  
Prof. Xiaotie Deng's Group
- “An Information-Theoretic Criterion for Efficient Data Synthesis”
  - Hanyu Li, Zhengqi Sun, Xiaotie Deng. **ICML 2026**; co-first author (second); accepted.
- 2025.09 – 2026.05    📖 **Institute for Artificial Intelligence, Peking University.**  
Assistant Prof. Yiwen Sun's Group
- “Reason–Imagine–Act: Closed-Loop LLM Decision Making with World Models for Autonomous Driving”
  - **ITSC 2026**; first author; accepted as **Oral Presentation**.
  - “Risk-Aware Prompting for LLM Autonomous Driving”
  - **ITSC 2026**; co-author; accepted as **Oral Presentation**.
- 2024.12 – Present    📖 **Department of Information Management, Peking University.**  
Assistant Prof. Fan Meng's Group
- “Network-Aware Financial Distress Prediction via Hierarchical Attention on Dynamic Heterogeneous Corporate Networks”
  - **ITQM 2026**; first author; accepted.
- 2026.02 – Present    📖 **Peking University, School of Computer Science.**  
Assistant Prof. Hao Tang's Group
- Research on world models and World-Action Models (WAM); manuscript in preparation.
